POLICIES

Please take a moment to carefully read the following information and sign where indicated.

EXPECTATIONS

A massage therapy session is an experience jointly created by the therapist and the client. Working together, massage encourages stress relief and body awareness. Your therapist will listen and respond to your words and to the tissues in your body to create a safe, healthy and supportive experience. All sessions are client-centered – your comfort and well-being is the highest priority. If you experience any pain or discomfort during the session, you will immediately inform the therapist so that the pressure and/or strokes may be adjusted to your level of comfort. You agree to keep the therapist updated as to any changes in your medical profile and understand that there shall be no liability on the practitioner's part should you fail to do so.

APPOINTMENTS AND CANCELLATIONS

Please be on time for your appointment. Cancellation is expected 24 hours in advance for both client and therapist. If you provide less than 24 hours notice, and we are unable to fill you appointment time you may be responsible for the fee. If you are late you will receive only the amount remaining of your scheduled appointment.

ALCOHOL, DRUGS AND OTHER ISSUES

A client's use of alcohol and other drugs diminishes the ability of the therapist to achieve desired results and may be cause to terminate the session. Any behavior that might be interpreted as sexual in nature is cause to terminate the session. Cancellation policy applies.

REFERRALS

If you have a specific medical condition or specific symptoms, massage may be contraindicated. If you are experiencing a condition that contraindicates massage, you may be referred to another appropriate healthcare provider. Massage should not be construed as a substitute for medical examination, diagnosis or treatment and you should see a physician, chiropractor, or other qualified medical specialist for any mental or physical ailment you are aware of. The therapist will not diagnose, prescribe drugs or give advice to clients regarding their medical conditions. Referral from your primary care provider may be required prior to service being provided.
